**CHAPLAIN HILL TO HAVE FAST TEAM**

Some Excellent Baseball Material Being Developed in Early Season.

[Special to The Times-Dispatch.]  
CHAPLAIN HILL, N. C., February 8.—Baseball practice is going on regularly every afternoon. The pleasant spring weather has enticed the lovers of baseball to lay aside their books in the afternoon and take part in the game.

The varsity field, the candidates for the different class teams and the new class diamond every afternoon and Saturday morning. The freshmen yesterday by the score of 14 to 2.

On the varsity field the candidates had another close and interesting game yesterday afternoon. At the close of the game the score stood 2 to 0 in favor of Captain Hamilton's team.

"Red" Stewart did the twirling for the winning team, and allowed but three hits. Lefty Dule, Carolina's substitute pitcher last season, also pitched good ball, keeping his hits well scattered. He well helped up the team in the way of left-hand pitchers this season. Three of the pitchers are Chaplains Duls, Hendrix and Hedge.

Moore, Duncan and Armes, the new men, who were formerly on the Trinity Park High School team, are all showing up well. Moore is a candidate for catcher's position. He is an accurate thrower and a good stickler.

Armstrong is showing up well at third base. He has an excellent arm, and is a good fielder.

Winn, a candidate for shortstop, is one of the cleanest fielders in college. He was formerly with the local team of Greensboro, N. C. During the practice games he has been showing up exceedingly well. Stacy who was with Wofford College, S. C., last year, has the making of a good outfielder.

Other candidates for the outfield are Melvin, Lorraine, Stevens, Jones, Page and Watlington.

**WAGNER WILL PLAY.**  
Dreyfus Says He Will Be in Old Place on Pittsburgh Team.

PITTSBURGH, Pa., February 8.—Hans Wagner will be in his old position at shortstop with the Pittsburgh team during the coming season, according to Barney Dreyfus, president of the Pittsburgh National League baseball team.

Wagner has given me his solemn promise to play for this year, said Dreyfus. "And I haven't a doubt in the world that he will keep it, although he has not signed a contract yet."

**Rubes Best the Indians.**  
In a rough and tumble game of basketball last night at the Covington gymnasium the Rubes downed the Indians in the second half by the score of 26 to 16.

The playing of both teams was fast throughout the contest and at times the game was brilliant. Taylor and Lorraine both suffered slight injuries in the latter part of the game, but neither was seriously hurt. Lorraine, however, finished out the match with a crippled shoulder.

**Mr. Putney Recovering.**  
Duke A. Putney, who has been confined to the Hygeia Hospital for the past three months, is rapidly recovering his strength.

**Local Battalion of First Regiment Plans to Take Part in Parade.**

Plans are being perfected by Major Hunsdon Cary and the other officers of the local battalion of the First Virginia Regiment, formerly the Seventieth, to have the entire command go to Washington to take part in the parade in the inaugural parade. The only obstacle in the way of the trip is that of obtaining the money to raise the amount, which should be more than \$10,000.

Major Cary, after a conference with his staff, has decided to employ the method so successfully carried out by the Norfolk battalion at the last inauguration. Letters are being mailed to influential and public-spirited citizens of Richmond asking them to contribute to the fund.

It is expected that the money plan was tried in Norfolk more than enough money was donated in the space of a few days. The officers here feel that the citizens of Richmond will be quite as responsive.

The blues have made arrangements to attend the inauguration, and with the "First" carrying more than 200 men, Richmond's showing will be a fine one.

Major Cary expects to have the amount in hand before the time when the money plan was tried in Norfolk more than enough money was donated in the space of a few days.

## News of the Southside

Manchester Bureau, Times-Dispatch, No. 1102 Hill Street.

The Finance Committee last night concluded work on the annual budget, which was adopted, and will be forwarded to the City Assembly on Wednesday morning. The budget for 1939 is \$4,500,000, of which \$1,500,000 is expended in appropriations, leaving \$3,000,000 for the city's income. Much time was expended in discussing the question of sewer and school taxes, but after many motions, amendments and substitutions, both were entirely done away with, and the general tax on the assessed value of real and personal property was raised to \$1.50 on the \$100. This tax was formerly \$1.10, and the sewer and school tax each 2 cents on the dollar, so the city's income does not suffer by the change. In lieu of the tax an appropriation of \$1,500,000 was made to the schools. City Treasurer Brown's income will be reduced nearly \$75 by the change, as he will not in future receive the commission of 5 per cent. for the collection of the tax, but it is believed that the committee will recommend a raise in his salary equivalent to the cut. A motion to that effect was made last night, but was tabled until the next meeting.

**May Get Additional Clerk.**  
Charles F. Trotter, assistant superintendent of the Division of Salaries and Allowances, the Post-Office Department, was in the city yesterday at the request of Postmaster T. H. Smith, looking into the advisability of recommending the appointment of another clerk for the post-office.

Mr. Trotter left in the afternoon, after looking into the matter with Mr. Smith, and will take the matter up with his department. He did not state what a bill of exception to the judge's decision he had in mind.

Mr. Trotter recently asked for an additional clerk, as the business has increased sufficiently in the past few months to justify an increase in the force.

SACRAMENTO, CAL., February 8.—Only five Senators favored agitation of the anti-Japanese matter when called up to-day.

The Senate decided, by a vote of 45 to 16, to defer until next Thursday its action upon the report of the Committee on Executive Communications, which advises against legislation aimed at the Japanese.

CARSON, NEV., February 8.—The Assembly bill prohibiting Japanese and Chinese from acquiring lands or acting as corporation agents reached the Senate to-day.

Instead of referring the measure to the Federal Relations Committee, as was done in the Assembly, the Senate sent it to the Judiciary Committee, along with the anti-Japanese resolution.

It is almost certain that the bill will sleep in this committee or be reported unfavorably.

**Oregonians Protest.**  
SALEM, ORE., February 8.—Vigorous protests are coming to the Senate from Oregonians against Senator Bailey's resolution memorializing Congress to extend the Chinese exclusion act to include all Asiatics.

These protests are coming principally from personal friends of President Roosevelt in Portland, and from the Japanese vice-consul stationed at Portland. Those opposing the resolution are urging that Japanese be exempted from its sweeping provisions. The Resolutions Committee has not taken action, and is awaiting to hear from all members.

Senator Bailey is a member of the Resolutions Committee, and he declares that he will make a fight to have the resolution favorably reported without exempting Japanese.

**LEMP DIVORCE**  
Religious Instruction of the Child Is the Issue in Case of Lillian H. Lemp.

ST. LOUIS, MO., February 8.—The divorce suits which Lillian H. Lemp and her husband, William J. Lemp, Jr., filed in the St. Louis Circuit Court to-day before Judge Hitchcock. The case has attracted wide attention. Two hours before the proceedings began, a large audience of fashionably attired men and women was on hand.

The case is being fought for alimony and for custody of William J. Lemp III, who was filed by Mrs. Lemp, but immediately thereafter Mr. Lemp filed a cross-motion for custody of the child.

Mrs. Lemp says her husband is worth \$150,000 and has an income of \$50,000 a year, and she asks \$25,000 a year support for herself and her child comfortably.

Mrs. Lemp told how Lemp beat her in the ballroom of their home. She declared he derided her when she told their son there was a God.

Mrs. Lemp said her husband had threatened her with a revolver; how he had looked her up and down, and how she had to move out of the furniture while she was absent.

On cross-examination, Mrs. Lemp said her husband had taught her to smoke cigarettes. The religious education of their son was one of the main causes of the divorce, according to Mrs. Lemp. She asserted she had had the boy baptized in the Roman Catholic Church, despite the father's wish to the contrary.

She acknowledged signatures to an ante-nuptial contract by which she agreed to support her husband and his religious instruction to any child born of the marriage until it was seven years old to her husband, but declared she had never seen the contract that when she signed it the paper was so folded as to conceal the contents, and that she supposed "that was a living another paper that had been read to her."

Another ante-nuptial agreement signed in the presence of an archbishop of the Roman Catholic Church bound Mr. Lemp not to object to the baptism of a child according to the rites of that church. Both agreements bear the same date, and it is the contention of Lemp's attorneys that Mrs.
